

Is your child 18 months of age?

- If your child was born on or after 30 July 2024
- they will need to have their next vaccinations at 18 months

Read the leaflet here

Your child needs to have their:

- 🗹 last 6 in 1 and
- second MMR vaccine

To protect them against Diphtheria, tetanus, pertussis (whooping cough), polio, Haemophilus influenzae type b (Hib), hepatitis B, measles, mumps and rubella.
